Dear Representative Crawford,

I'm writing in opposition to Bill HB 4293 as it is written. The language in this bill is very confusing. As a display operator and a hobbyist pyrotechnician, there is too much in this bill that is unclear. Since this is a Bill to allow consumer fireworks in Michigan, display fireworks should be completely removed. Display fireworks and it's operators are already under very close scrutiny by the BATF. Also, the felony portion of this Bill should be removed. Leave the criminal portions of the law as it currently is and up to the individual injured party to take legal action.

I'm sending this e-mail in lieu of being in attendance to testify in person. I also request my opposition be submitted into the Regulatory Reform Committee meeting.

Sincerely,
Wally Maslowsky
